

Hello!

 Welcome to the micro:bit flock!

If it walks like a bird and chirps like a bird...

Then you must be a bird!

Ever wondered what life is like as a bird? Find out with the micro:bit.

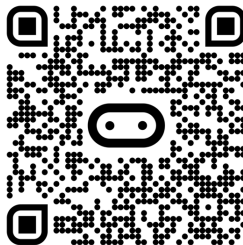

The micro:bit is a small programmable computer, designed to make learning and teaching easy and fun.

It can be programmed with multiple languages, including  Python, and we also have a

BRAND NEW Python Editor to try out!

Follow this link, or the QR code, and let's start!

<https://mbit.io/t-bird>

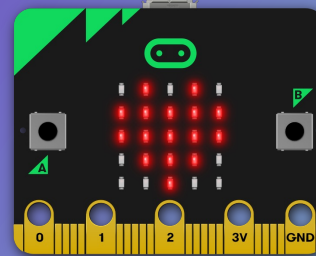

Get creative with sound

We are developing a new way to generate sound with the micro:bit and MicroPython, and we'd love to hear you make some noise!

Follow the instructions in the activity and submit your sound creations.
